-To determine transportation rate per GJ:

For FT, multiply Firm rate by haul distance and divide by days in the month

For IT, multiply IT rate by haul distance

<http://www.transcanada.com/conversiontool/>

-For information purposes, the maximum Shipper's Haul Distance used in the Shipper's monthly charge for Service calculation is 170.7 km

-Rates are payable in Canadian dollars and GJ units are used for billing purposes.

-The IT rate is 110 percent of the FT rate

-Rates do not include GST
